kapuakashsurya@gmail.com | +91 9640305724 | Hyderabad,IN

SUMMARY

Student we have basic in java and problem solving , know the knowledge on html and CSS

SKILLS

Programming Languages: C, core Java

Frontend Development: HTML, CSS, JavaScript

Databases: MySQL

Version Tools: GitHub

PROJECTS

Electric Vehicle Charge & Range Analysis using Tableau

- Analyzed datasets including battery capacity, charging duration, distance traveled, and energy consumption.
- Performed data cleaning and preprocessing using Excel/CSV datasets to ensure accuracy.
- Created visualizations like heat maps, line charts, bar graphs, and KPI indicators for better insights.

Roles: Data Analyst, Dashboard Developer, Data Visualization Engineer, Python Developer.

Responsibilities: Developed interactive Tableau dashboards to analyze and visualize Electric Vehicle (EV) data.

EDUCATION

Kallam Haranadhareddy Institute of Technology

Bachelor of Computer Science

Sep 2022 - Present
